### THE VAIL IS LIFTED

The Horrible Story of Chinese Atrocity is Told in Full

Washington July 14.—Through the medium of the Japanese legation at Washington, the Chinese government has made known the actual state of affairs in Peking.

Every legation in Peking has been destroyed.

All the ministers have been massacred.

Their families and attaches have shared the same fate.

Fifty thousand Boxers are in possession of the city.

Prince Tuan is in absolute control. Only two foreigners are believed to have escaped.

The Chinese government disclaims responsibility.

Minister Wu Ting Fang admits the truth of the reports.

The American legation is reported as one of the first to be attacked. Minister Conner, his wife, daughter and niece, and the members of his official household were summarily murdered. Heavy artillery was used in destroying the legation building.

After many intricate experiments, scientists have discovered methods for obtaining all the natural digestants. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodol Dyspepsia Cure. It digests what you eat and allows all dyspeptics to eat plenty of nourishing food while the stomach troubles are being radically cured by the medicinal agents it contains. It is pleasant to take and will give quick relief. Anti-Monopoly Drug Store, Ocala, Fla.

### THE PLAIN TRUTH

Knocks the Stuffing Out of Brother Harris' Assumption of Public Spirit and Love for the Tax Payers.

Brother Frank Harris is very jealous of his laurels. He says in his last Banner that he did the generous deed of agreeing to publish the delinquent tax list of the city of Ocala for nothing and the heartless and greedy Star is trying to claim the credit for it and thus rob him of his reward.

The Star has no disposition to deprive him of a single right that belongs to him. It wants him to have full credit for all the charity work he does. But what are the facts in the case? Here they are:

Brother Harris submitted a proposition in writing to the editor of the Star to the effect that if the Star would agree to give him 40 per cent. of the proceeds of the delinquent tax list of the city he would not bid on the job, and in this way he tried to force the city authorities to pay the full legal rate of 30 cents per line, double column. When the Star respectfully declined his proposition to force the full legal rate on the city, by forming an unholy trust or combination, he flew into one of his characteristic moods and agreed to publish the list without cost to the city. All the same the city of Ocala has made at least \$200 by the performance and the people can be trusted to make a just and equitable distribution of credits and rewards between the Banner and the Star.

The Star does not claim superior goodness nor does it believe in the practice of nauseating its readers by parading its deeds of charity before the public. Here let us remind the people of Ocala and Marion county that it was Brother Harris who mounted a box in front of the court house door and challenged the legality of the sale of lands for the 1897 taxes on the ground that Len Dozier, who was the authorized deputy tax collector under Mr. Pooser, had no authority to sell lands. He, and he alone, made it necessary to have a second publication of the tax list for that year, and is therefore directly responsible for the additional expense to the state and county. Again, in his wild frenzy over the Star getting the list for 1897, he rushed into the courts and employed able attorneys, seeking to break the Star's contract. The Star, in defending its legal and vested rights, was forced to pay out the profits of the first publication in attorneys' fees, and had to resort to the legislature to get pay for the second publication and there had its just claim reduced 25 per cent.

And all this trouble was caused by Brother Harris, and yet the Star makes no complaint and continues to grow and flourish like the green bay tree. It is evident that the people like the Star, and it can live and make money on legitimate patronage and does not have to depend on the delinquent tax list for its meat and bread.
